

LED DOMESTIC LAMPS

INTRODUCTION

The Synerji PAR38 lamps are energy-efficient LED reflector lamps designed to replace traditional halogen bulbs.

With a wide beam angle, durable build, and powerful light output, they provide reliable illumination for both indoor and outdoor applications such as floodlighting, security lighting, and commercial spaces—all while reducing energy use and maintenance costs.

PAR38 LAMP
15W NON DIMMABLE

Base: ES
Power: 15W
Lumens (Warm White): 1200lm
Lumens (Cool White): 1280lm
Beam Angle: 60°
Lifespan: 25,000 hrs
Power Factor: 0.7
Dimmable: No
