

INDUSTRIAL FAN

INTRODUCTION

Synerji's industrial wall and floor fans are built for powerful, reliable performance in demanding environments. With a sturdy design and high-efficiency motor, they deliver strong, consistent air-flow – perfect for workshops, warehouses, factories, and commercial spaces. Whether mounted or free-standing, these fans offer flexible positioning and targeted ventilation, helping to reduce heat and maintain comfort where it matters most.

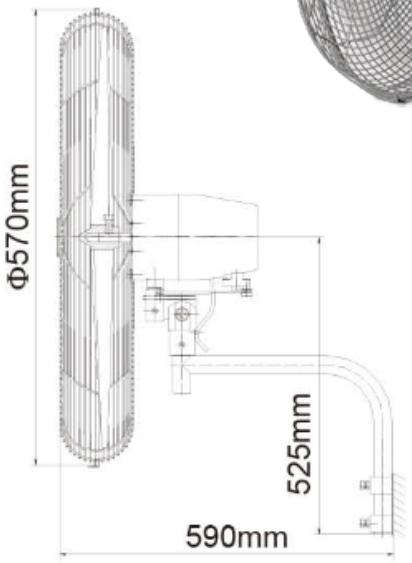

WALL FAN
3 BLADE - 130W

SYN-SYF20W

Input: AC220V – 240V 50HZ
Power: 130W
Speed: 1400r/min
Capacity: 170m3/min
