SOLAR MOTION SENSOR WALL LIGHT

BLACK | WHITE | GREY

SYN-SYHSL2BK/ SYN-SYHSL2GR / SYN-SYHSL2WH

The **Synerji Solar Motion Sensor Wall Light** is a quick and easy solution to provide lighting outside your home or perimeter wall. The fitting is made from ABS and available in **Black, Grey and White**.

IMPORTANT – make sure the fitting is installed where it will enjoy charging from the morning and afternoon sun. During the first 5 hours, the light shines at 15% and illuminates to 100% for 7 seconds when triggered by motion. Light remains off after 5 hours, illuminating to 100% for 7 seconds when triggered. Wall mount bracket, wall plugs and screws included.
